Lest we Forget

Nicky and Husband Pat
Part of the team that
have been delivering
isolation food parcels.

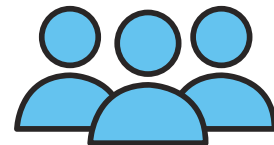

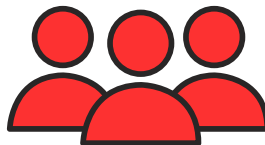

Wow we've been busy

Manchester House staff (and the odd family member) have been busy making up and delivering food parcels for those that have been isolating due to Covid. Over the last couple of months we have been making up and delivering approximately 25 self isolation relief boxes every two days!

We have been working with our local iwi Ngati Kauwhata. Hopefully the workload will lessen in the coming weeks as Covid infections reduce and things go back to normal.

This additional workload is on top of providing our normal foodbank service to those in need in our community.

If you have come into Manchester House Aorangi Street things may seem a bit different as you might have seen different faces at different times of the week. We have split our Staff in to two teams.

This is to keep our clients and staff safe over the next few weeks. But we will be back together soon.

All other services are as per normal.
